

THE FAMILY OF FAITH NETWORK 2011

CONNECTING THE NATURAL AND SPIRITUAL FAMILY

WHO SHOULD ATTEND?

Church members who care about the church and the family are invited to participate in the Family of Faith Network (FFN) Conference. Designed for church leaders—both lay and professional—the conference equips the local church with tools to minister to families and pass on faith through the generations.

WHAT CAN THE FAMILY OF FAITH NETWORK CONFERENCE DO FOR MY CHURCH?

The 2011 FFN Conference is designed to help churches become the primary place that families turn to for assistance in fostering healthy homes and for spiritual discipleship training. Through the theme of “Connecting the Natural and Spiritual Family” the conference offers church leaders a theology of the family and practical tools for the church to empower families spiritually and towards healthy family life. The Family of Faith Network Conference equips church leaders to navigate the Kingdom work of integrating the spiritual church family and the natural family. We believe this partnership creates healthy family legacies and authentic faith that will last for generations.

The Boone Center for the Family presents the third annual Family of Faith Network Conference as part of our mission to equip and educate leaders with resources and research that promote strong families and quality relationships.

KEN R. CANFIELD, PH.D., is the executive director of the Boone Center for the Family. Before coming to the Boone Center, Ken was the director and founder of the National Center for Fathering. Ken’s work for fathers and families has been nationally recognized and highlighted through appearances on: *The Oprah Winfrey Show*, *NBC’s Today Show*, *ABC’s World News Tonight* and numerous radio programs.
